SAFETY POLICY

ATF, Inc. is dedicated to manufacturing the highest quality products in a safe and efficient environment. Employees are our most valuable asset. Employee injuries in our facility constitute a serious breakdown of our system and are simply not acceptable.

In our effort to provide the safest work environment possible, ATF is committed to the following principles:

- Safe production is smart production and a basic element of a well-run manufacturing company.

- It is the responsibility of every employee to identify, report, and correct any unsafe working conditions and practices.

- All accidents are preventable. Our goal is Zero Safety Defects.

- All Employees are expected to comply with all established safety policies and rules.

- All Employees are expected to fully cooperate with members of the Safety Team.

- ATF will provide the necessary training and environment to allow all employees to perform their work tasks safely.

ATF, Inc. is dedicated to the operation of a Safe, Efficient, and Profitable Company.
